

	Ref.	ST2000
Material Safety Data Sheet	Rev. no.	1
Poren Render	Prepared Date.	09.12.2015
	Review Date.	16.12.2018

Product name:	Poren Render
Recommended use:	Cement render
Company details:	Stoanz Ltd
Address:	72 Abel Smith Street, Wellington, New Zealand
Telephone number:	+64 4 801 7794
Emergency telephone no:	Nation Poisons Centre, 0800 POISON, 0800 764 766
2. HAZARDS IDENTIFICATION	N
Hazard classification:	Classified as Hazardous according to the criteria in the HS (minimum degrees of Hazard) regulations.
Hazard / Risk Phases:	R38, R41, R48/20, Carc. Cat 1, R49
Prevention statements:	Subclass 6.3 Category A – Substances that are known or presumed to be irritating to the skin. Subclass 6.7 Category A – Substances that are known or presumed carcinogens. Subclass 6.9 Category A – Substances that are known or presumed to be harmful to human target organs or systems Subclass 8.3 Category A – Substances that are known or presumed corrosive to ocular tissue.
Response statements:	AFTER CONTACT WITH SKIN: Wash with plenty of water. Take off immediately all contaminated clothing. AFTER CONTACT WITH THE EYES: Rinse cautiously with water for 15 minutes. Remove contac lenses if present and easy to do – continue rinsing. Seek medical attention immediately IF INHALED: Remove person to fresh air and keep comfortable for breathing. Seek medical attention immediately
Storage:	Store in original bag. Do not breathe dust. Was hands thoroughly after handling Do not drink contaminated water, food, or feed by storage or disposal,
Disposal:	Dispose of waste to an approved waste disposal facility
3. COMPOSITION/INFORMA	TION ON INGREDIENTS
Description:	Sand, Aggregate, General purpose Cement, and additive Blend. Sand (Crystaline Silica 40-80% Additives to enhance workability 0.5-3.5%

Portland Cement 65997-15-1 15-40%

4. FIRST AID MEASURES Description of necessary In the case of accident or if you unwell, seek medical advice immediately (show the label where first aid measures: possible). Never give anything by mouth to an unconscious person. If unconscious place in recovery position and seek medical advice. Workplace facilities required Inhalation instructions: Move to fresh air. Keep patient warm and at rest. If breathing is irregular or stopped, administer artificial respiration. If symptoms persist, call a physician. Skin Contact Wash off immediately with soap and plenty of water. DO NOT use solvents or thinners. Take off all contaminated clothing and shoes immediately. Wash clothing before reuse If skin irritation persists, call a physician. Eye Contact Remove contact lens. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Consult a physician. Ingestion Clean mouth with water and drink plenty of water afterwards. DO NOT induce vomiting Obtain medical attention. Keep at rest. **5. FIRE FIGHTING MEASURES** Product is not considered flammable. Use any Extinguishing media Type of hazard: Protective clothing, goggles and self-contained breathing equipment needed in the event of a fire. Hazardous products of combustion - Oxides of carbon Use any Extinguishing media. Fire hazard properties extinguishing media & Fire residues and contaminated fire extinguishing water must be disposed of in accordance with methods: local regulations. **Protective clothing:** Wear self-contained breathing apparatus for firefighting if necessary. 6. ACCIDENTAL RELEASE MEASURES **Environmental Precautions** Procedures to be covered: The product should not be allowed to enter drains, water courses or the soil. If the product contaminates rivers, lakes or drains inform respective authorities.

Material Safety Data Sheet

Poren Render

Material Safety	Data Sheet	Rev. no.	1
Poren Render		Prepared Date.	09.12.2015
		Review Date.	16.12.2018
	<u>Methods for Cleaning Up</u> Contain and collect spillage with non-combustible absort diatomaceous earth, vermiculite) and place in container regulations. Clean with detergents. Avoid solvents. Dispose contamir section 13. Clean contaminated surface thoroughly.	for disposal according	to local / national
7. HANDLING AND STORAG	E		
Handling Practices:	Advice on safe handling Smoking, eating and drinking should be prohibited in the Keep away from food, drink and animal feeding stuffs. Avoid contact with skin and eyes. Provide sufficient air exchange and/or exhaust in work re Comply with the health and safety at work laws. <u>Advice on protection against fire and explosion</u> When exposed to high temperatures may produce hazar carbon monoxide and dioxide, smoke oxides of nitrogen.	ooms. dous decomposition p	roducts such as
Storage:	Requirements for storage areas and containers Prevent unauthorized access Bags which are opened must be carefully resealed and le Protect from frost, heat and sunlight. Advice on Common Storage Keep away from oxidising agents and strongly acid or all Specific Use(s) For further information, also see the Technical Data She	kaline materials.	leakage
8. EXPOSURE CONTROLS/P			
Workplace exposure guidelines:	Note: Contains no substances with community workplace regulations	e limits. Observe cour	ntry-specific
Exposure standards:	Ventilation: In processes where dusts may be generated accordance with good ventilation practices.	, proper ventilation mu	ist be provided in
Personal protective equipment (PPE):	Ensure good ventilation; if possible, use / install internal extractor equipment. Ventilation: In processes where dusts may be generated, proper ventilation must be provided in accordance with good ventilation practices. PPE – Goggles, PVC Gloves, protective clothing, PVC apron and boots. A P2 particle respirator for when dust may be generated.		
General hygiene:	Wash hands before breaks and at the end of the workda Remove and wash contaminated clothing and gloves, in Avoid contact with the skin and the eyes. Keep away from food, drink and animal feeding stuffs. When using, DO NOT eat, drink or smoke.	•	pre re-use.

Material Safety Data Sheet	Rev. no.	1
Poren Render	Prepared Date.	09.12.2015
	Review Date.	16.12.2018

Physical State:	Solid
Colour:	Grey
Odour:	No Odour
pH:	10.0 (aprox)
Melting Point/Range:	Not applicable
Boiling Point & Boiling Range:	Not applicable
Flash point:	Not applicable
Auto-Flammability:	Not auto-flammable
Relative Density:	100%
Water Solubility:	20-50%
Viscosity: (dynamic)	No applicable
10. STABILITY AND REACT	IVITY
Thermal decomposition:	No decomposition if stored and applied as directed.
Hazardous reactions:	Fire will produce dense black smoke containing hazardous combustion products.
Hazard decomposition:	No decomposition if stored and applied as directed.
11. TOXICOLOGICAL INFOR	RMATION
Data and interpretation:	Acute Oral Toxicity
	May be harmful
	Acute Inhalation Toxicity
	May cause irritation if inhaled.
	Acute Dermal Toxicity
	May cause a slight itritation.
12. ECOLOGICAL INFORMATION	
Eco-toxicological effects:	No information on ecology is available.

13. DISPOSAL CONSIDERATIONS

Product:

The user is responsible for proper coding and marking of any waste.

class) in the Safety Material Data Sheet.

Do NOT flush into surface water or sanitary sewer system. Observe section 15 (water pollution
